MEMORANDUM FOR UNDER SECRETARY OF DEFENSE (COMPTROLLER)

SUBJECT: Property Accounting Migration System

This is to advise you that I have approved your selection of the Defense Property and Accounting System (DPAS) as the migration system for all DoD real and personal property.

As indicated in the DPAS functional economic analysis, property accounting cuts across functional lines. Consequently, a strategic plan is not available showing the future of the 150 legacy systems in this business area. If you have not already done so, I recommend that you have the Defense Finance and Accounting Service provide this information to the Defense Information Systems Agency to establish a business area for Property Accounting for inclusion in the DoD Information Integration Strategy document.
